INDEX TO VOLUME XXI

A

Acute bilateral suprarenal haemorrhage (G. C. Arneil), 171
Administration of penicillin in infancy (M. Bodian), 13
Aerosol penicillin in the oxygen tent (F. A. Knott and N. Southwell), 16
Agenesis, pulmonary, and hypoplasia (C. E. Field), 61
ALLEN, F. M. B. (and J. E. Morison and W. R. Rutherford): Penicillin in the treatment of neonatal sepsis, 19
ALLEN-WILLIAMS, G. M.: Some observations on the growth of children,
Allergic skin reactions in childhood, psychological aspect of (B. Woodhead), 98
ALLIBONE, E. C. (and H. S. Baar): A fatal case of beriberi in a child in England, 76
ALLIBONE, E. C. (and E. Finch): The relationship of the blood pyruvic acid level to deficiency states in infancy and childhood, 165
Anaemia, the etiology and the effects of minor grades of, in young children (H. M. M. Mackay, R. H. Dobbs, K. Bingham, and W. J. Martin), 145
Anaemia in renal insufficiency (N. Capon), 178
Anaphylactoid purpura, some observations on (D. Gairdner), 179
Anus, the ectopic (D. Browne), 178
ARNEIL, G. C.: Acute bilateral suprarenal haemorrhage, 171
Ashanti, malnutrition in children under three years of age in (B. A. S. Russell), 110
Atresia of the oesophagus with infantile pyloric stenosis (G. E. Foster and R. E. Shaw), 55

B

BAAR, H. S. (and E. C. Allibone): A fatal case of beriberi in a child in England, 76
BARLOW, A.: Oedema of the neonatal period, 179
Beriberi, a fatal case in a child in England (E. C. Allibone and H. S. Baar), 76
Biliary obstruction associated with icterus gravis neonatorum (R. Lightwood and M. Bodian), 209
BINGHAM, K. (and H. M. M. Mackay, R. H. Dobbs, and W. J. Martin): The etiology and the effects of minor grades of anaemia in young children, 145
Blood in infancy, the (L. Findlay), 195
Blood pyruvic acid level, the relationship of the, to deficiency states in infancy and childhood (E. C. Allibone and E. Finch), 165
BODIAN, M.: Fibrocystic disease of the pancreas, 179
BODIAN, M.: Some observations on penicillin, its dosage and administration in infancy, 13
BODIAN, M. (and R. Lightwood): Biliary obstruction associated with icterus gravis neonatorum, 209
BOOK REVIEWS: The premature baby, 60; Mitchell-Nelson's Textbook of Pediatrics, 60; Pediatric-x-ray diagnosis, 60; Opera Paediatrica, 60; NAPT Handbook of Tuberculosis Activities, 120; Aerosols in Theory and Practice, 120; The Newborn Infant, 120; Ourselves Unborn, 180; Skin Diseases in Children, 180; Child and Adolescent Life in Health and Disease, 180
Breast feeding, the early failure of (H. Waller), 1
BRITISH PAEDIATRIC ASSOCIATION: Report of Child Psychology Sub-Committee, 57; Proceedings of Seventeenth Annual General Meeting: Work of a tuberculosis diagnostic clinic, 177; Bronchoscopy in pulmonary tuberculosis in childhood, 177; Clinical observations on the burnt child, 177; Results of gold therapy in Still's Disease, 177; Staphylococcal infection of the respiratory tract, 177; Cyclical diseases, 178; Pseudo-hermaphroditism, 178; The ectopic anus, 178; Anaemia in renal insufficiency, 178; The plasma volume in nephritis, 179; Some observations on anaphylactoid purpura, 179; Oedema of the neonatal period, 179; Haemolytic disease of the newborn, 179; Fibrocystic disease of the pancreas, 179
BROECKE, J. van den (and S. van Creveld): Complications of localized pulmonary emphysema in childhood, 139
Bronchoscopy in pulmonary tuberculosis in childhood (J. Crooks), 177
BROWNE, D.: The ectopic anus, 178
Burnt child, some clinical observations on the (B. Morrison), 177

C

CAPON, N. B.: Anaemia in renal insufficiency, 178
CATHIE, I. A. B.: Treatment of erythroblastosis foetalis, 222
Child psychology, Report of Sub-Committee of the British Paediatric Association, 57
CLARK, N. S.: Dermatomyositis in childhood, a report of four cases, 160
COCKAYNE, E. A.: Dwarfism with retinal atrophy and deafness, 52
Complications of localized pulmonary emphysema in childhood (S. van Creveld and J. van den Broecke), 139
Congenital atresia of the oesophagus with infantile pyloric stenosis (G. E. Foster and R. E. Shaw), 55
Congenital pyloric stenosis, the incidence of (G. Davison), 113
Congenital tuberculosis (M. T. Hughesdon), 121
COUPER, E. C. R.: Penicillin and sulphonamides in the treatment of infections in infancy, 88
COUPER, E. C. R. (and M. Henderson): The sulphonamides in the treatment of infections in infancy, 23
CREVELD, S. van (and J. van den Broecke); Complications of localized pulmonary emphysema in childhood, 139
CROOKS, J.: Bronchoscopy in pulmonary tuberculosis in childhood, 177
Cyclical disease (E. R. Steen), 178

D

DAVISON, G.: The incidence of congenital pyloric stenosis, 113
Deafness, with retinal atrophy in dwarfism (E. A. Cockayne), 52
Deficiency states in infancy and childhood, the relationship of the blood pyruvic acid level to (E. C. Allibone and E. Finch), 165
Dental fluorosis (H. Sainsbury), 115
Dermatomyositis in childhood, a report of four cases (N. S. Clark), 160
DOBBS, R. H. (and H. M. M. Mackay, K. Bingham, and W. J. Martin): The etiology and the effects of minor grades of anaemia in young children, 145
Dosage and administration of penicillin in infancy (M. Bodian), 13
Dwarfism with retinal atrophy and deafness (E. A. Cockayne), 52

E

Ectopic anus (D. Browne), 178
ELLIS, R. W. B.: Height and weight in relation to onset of puberty in boys, 181
Emphysema, complications of localized pulmonary, in childhood (S. van Creveld and J. van den Broecke), 139
England, a fatal case of beriberi in a child in (E. C. Allibone and H. S. Baar), 76
Erythroblastosis foetalis, treatment of (I. A. B. Cathie), 222
Etiology and effects of minor grades of anaemia in young children (H. M. M. Mackay, R. H. Dobbs, K. Bingham, and W. J. Martin), 145
Etiology of intermittent oesophageal regurgitation and haematemesis in infants (W. G. Wyllie and C. E. Field), 228

F

Failure of breast feeding (H. Waller), 1
Fatal case of beriberi in a child in England (E. C. Allibone and H. S. Baar), 76
Fibrocystic disease of the pancreas (M. Bodian), 179
FIELD, C. E.: Pulmonary agenesis and hypoplasia, 61
FIELD, C. E. (and W. G. Wyllie): The etiology of intermittent oesophageal regurgitation and haematemesis in infants, 228
FINCH, E. (and E. C. Allibone): The relationship of the blood pyruvic acid level to deficiency states in infancy and childhood, 165
FINDLAY, L.: The blood in infancy, 195
FLUOROSIS, dental (H. Sainsbury), 115
FOSTER, G. E. (and R. E. Shaw): Case of congenital atresia of the oesophagus with infantile pyloric stenosis, 55

G

GAIRDNER, D.: Some observations on anaphylactoid purpura, 179
Gold therapy in Still's disease, results of (B. Schlesinger), 177
GORDON, R. R.: Observations on haemolytic disease of the newborn, 218
Growth of children, some observations on the (G. M. Allen-Williams), 190

H

Haematemesis, the etiology of intermittent oesophageal regurgitation and, in infants (W. G. Wyllie and C. E. Field), 228

Haemolytic disease of the newborn, observations on (R. R. Gordon), 218
Haemorrhage, acute bilateral suprarenal (G. C. Arneil), 171
HARRIS, C.: Pseudo-hermaphroditism and sudden death, 178
Height and weight in relation to onset of puberty in boys (R. W. B. Ellis), 181
HENDERSON, J. L.: The statistics of prematurity, a plea for standardization, 105
HENDERSON, M. (and E. C. R. Couper): The sulphonamides in the treatment of infections in infancy, 23
HUGHESDON, Mary R.: Congenital tuberculosis, 121
Hypoplasia, pulmonary agenesis and (C. E. Field), 61

I

Icterus gravis neonatorum, biliary obstruction associated with (R. Lightwood and M. Bodian),
Infections, penicillin and sulphonamides in the treatment of, in infancy (E. C. R. Couper), 88
Infections, staphylococcal, of the respiratory tract (R. Pugh), 177
Infections, sulphonamides in the treatment of, in infancy (M. Henderson and E. C. R. Couper), 23

K

KNOTT, F. A. (and N. Southwell), aerosol penicillin in the oxygen tent, 16

L

LIGHTWOOD, R. (and M. Bodian): Biliary obstruction associated with icterus gravis neonatorum, 209
Localized pulmonary emphysema in childhood, complications of (S. van Creveld and J. van den Broecke), 139

M

MACARTHUR, P.: The plasma volume in nephritis, 179, 235
MACKAY, H. M. M. (and R. H. Dobbs, K. Bingham, and W. J. Martin): The etiology and the effects of minor grades of anaemia in young children, 145
Malnutrition in children under three years of age in Ashanti, West Africa (B. A. S. Russell), 110
MARTIN, W. J. (and H. M. M. Mackay, R. H. Dobbs, and K. Bingham): The etiology and the effects of minor grades of anaemia in young children, 145
MORISON, J. E. (and F. M. B. Allen and W. R. Rutherford): Penicillin in the treatment of neonatal sepsis, 19
MORRISON, B.: Some clinical observations on the burnt child, 177

N

Neonatal period, oedema of the (A. Barlow), 179
Neonatal sepsis, penicillin in the treatment of (F. M. B. Allen, J. E. Morison, and W. R. Rutherford), 19
Nephritis, plasma volume in (P. MacArthur), 179, 235

O

Observations on haemolytic disease of the newborn (R. R. Gordon),
Observations on penicillin, its dosage and administration in infancy (M. Bodian), 13
Oedema of the neonatal period (A. Barlow), 179
Oesophageal regurgitation and haematemesis in infants, the etiology of intermittent (W. G. Wyllie and C. E. Field), 228
Oesophagus, congenital atresia of the (G. E. Foster and R. E. Shaw), 55
Oxygen tent, aerosol penicillin in (F. A. Knott and N. Southwell), 16

P

Pancreas, fibrocystic disease of the (M. Bodian), 179
Penicillin, aerosol, in the oxygen tent (F. A. Knott and N. Southwell), 16
Penicillin, some observations on its dosage and administration in infancy (M. Bodian), 13
Penicillin and sulphonamides in the treatment of infections in infancy (E. C. R. Couper), 88
Penicillin in the treatment of neonatal sepsis (F. M. B. Allen, J. E. Morison, and W. R. Rutherford), 19
Plasma volume in nephritis (P. MacArthur), 179, 235
Prematurity, the statistics of (J. L. Henderson), 105
Proceedings of the Seventeenth Annual General Meeting of the British Paediatric Association, 175
Pseudo-hermaphroditism and sudden death (C. Harris), 178
Psychological aspect of allergic skin reactions in childhood (B. Woodhead), 98
Puberty, height and weight in relation to onset in boys (R. W. B. Ellis), 181
PUGH, R.: Staphylococcal infection of the respiratory tract, 177
Pulmonary agenesis and hypoplasia (C. E. Field), 61
Pulmonary emphysema in childhood, complications of localized (S. van Creveld and J. van den Broecke) 139
Purpura, some observations on anaphylactoid (D. Gairdner), 179
Pyloric stenosis, congenital atresia of the oesophagus with infantile (G. E. Foster and R. E. Shaw), 55
Pyloric stenosis, the incidence of congenital (G. Davison), 113
Pyocolpos in infancy (I. P. Todd), 118
Pyruvic acid, the relationship of the blood, to deficiency states in infancy and childhood (E. C. Allibone and E. Finch), 165

R

Regurgitation and haematemesis in infants, the etiology of oesophageal (W. G. Wyllie and C. E. Field), 228
Relationship of the blood pyruvic acid level to deficiency states in infancy and childhood (E. C. Allibone and E. Finch), 165
Renal insufficiency, anaemia in (N. B. Capon), 178
Respiratory tract, staphylococcal infection of the (R. Pugh), 177
Retinal atrophy, and deafness in dwarfism (E. A. Cockayne), 52
Rickets in Singapore (C. D. Williams), 37
RUSSELL, B. A. S.: Malnutrition in children under three years of age in Ashanti, West Africa, 110
RUTHERFORD, W. R. (and F. M. B. Allen and J. E. Morison): Penicillin in the treatment of neonatal sepsis, 19

S

SAINSBURY, H.: Dental fluorosis, 115
SCHLESINGER, B.: Results of gold therapy in Still's disease, 177
Sepsis, penicillin in the treatment of neonatal (F. M. B. Allen, J. E. Morison, and W. R. Rutherford), 19
SHELDON, W.: The work of a tuberculosis diagnostic clinic, 177
SHAW, R. E. (and G. E. Foster): Case of congenital atresia of the oesophagus with infantile pyloric stenosis, 55
Singapore, rickets in (C. D. Williams), 37
Skin reactions in childhood, psychological aspect of (B. Woodhead), 98
Some observations on the growth of children (G. M. Allen-Williams),
SOUTHWELL, N. (and F. A. Knott): Aerosol penicillin in the oxygen tent, 16
Staphylococcal infection of the respiratory tract (R. Pugh), 177
Statistics of prematurity, a plea for standardization (J. L. Henderson), 105
STEEN, R. E.: Cyclical disease, 178
Still's disease, results of gold therapy in (B. Schlesinger), 177
Sudden death, pseudo-hermaphroditism and (C. Harris), 178
Sulphonamides, and penicillin in the treatment of infections in infancy (E. C. R. Couper), 88
Sulphonamides in the treatment of infections of infancy (M. Henderson and E. C. R. Couper), 23
Suprarenal haemorrhage, acute bilateral (G. C. Arneil), 171

T

TODD, I. P.: Pyocolpos in infancy, 118
Treatment of erythroblastosis foetalis (I. A. B. Cathie) 222
Tuberculosis, bronchoscopy in pulmonary, in childhood (J. Crooks), 177
Tuberculosis, congenital (M. R. Hughesdon), 121
Tuberculosis, the work of a diagnostic clinic (W. Sheldon), 177

W

WALLER, H.: The early failure of breast feeding, 1
Weight, height and, in relation to onset of puberty in boys (R. W. B. Ellis), 181
West Africa, Malnutrition in children under three years of age in Ashanti (B. A. S. Russell), 110
WILLIAMS, C. D.: Rickets in Singapore, 37
WOODHEAD, B.: The psychological aspect of allergic skin reactions in childhood, 98
WYLLIE, W. G. (and C. E. Field): The etiology of intermittent oesophageal regurgitation and haematemesis in infants, 228

PRINTED IN GREAT BRITAIN BY WILLIAM CLOWES AND SONS, LIMITED, LONDON AND BECCLES.
